Comments:

I support the American Bison's freedom to roam National Forest habitat. For too long the bison have been trapped and captured and killed. This is wrong. As an American citizen, I have, in the past, traveled to Yellowstone with my family to see the bison. What has been happening to them, and continues to happen, makes me very sad.

What is more integral to the history of America than the bison? Nothing.

They deserve to be treated humanely and with dignity. They deserve nothing less.

I hope this will come to pass.
