Comments:

Dear Senator/Representative

Once again efforts are being made to take away our freedoms. Currently our forest service is preparing to remove our freedom to enter our forests using our pack goats. The false science they are using has been proven to be faulty. As our legal representatives you will need to reign in this agencies overreach immediately. Because you ultimately are responsible . We have been down this road of public comment before with this agency and clearly their empire as an agency has deaf ears when it comes to the citizenry. However your responsibility to fund them will be voter dependent.

Stop taking our freedoms. Pack animals like these as well as sheep and cattle have been present in these areas since 1000 and before
