Comments:

I am opposed to any additional wilderness acres being added in the proposed forest plan. I am opposed to any additional roadless or motorized recreational restricted access being created. I am opposed to decreasing the timber harvest percentage on the forest. In fact I would like to see much more timber harvested on the Custer Gallatin Forests. I would like to see more recreational access and more roads added to the forest for recreation. I would like to have fewer wildfires and less smoke every summer. I am opposed to any changes to the forest plan that would affect Stillwater Mining operations and their proposed expansion. Montana needs good paying jobs that Stillwater Mining provides and their expansion is crucial to the communities in the Custer Gallatin Forest.
