Comments:

I care about the American Bison -- our national animal and an icon of America. I believe that wild bison should be allowed to roam freely throughout all National parks and that connecting corridors would be provided for them, and all wildlife, throughout National Parks. The Custer Gallatin National Forest Plan should not allow domestic animals to graze in wildlife areas. Plesse adopt strong standards to protect American bison, bighorn sheep, grizzly bears, linkage corridors, habitat connectivity, wilderness and water. National Parks must preserve wilderness and wildlife.
