Comments:

I support Alternative D for the revised draft forest plan, with the following additions.

We must create 39 recommended wilderness areas, ensuring a quiet, safe haven for wildlife and plant species. It is important to eliminate all motorized or mechanized uses that are inconsistent with wilderness protection.

We must also add 230,000 wild, roadless acres of the Gallatin Range as recommended wilderness in the final forest plan.

Preserving wilderness should be the priority, not adding recreational facilities that would destroy the quiet, many species' habitats, or prime forest canopy.
