I am opposed to adding any wilderness acres in the Custer Gallatin Forest. I am opposed to the possibility of adding wilderness acres that would impact the expansion of Stillwater Mining. Good paying jobs that Stillwater Mining provides are crucial to the communities in the Custer Gallatin Forest. I am also opposed to decreasing any timber harvests on the forest. I am in favor of adding more timber sales on the forest. With the increase of wildfires and the lack of timber supply to our local sawmills, timber harvests should be increased.

I am opposed to adding any more roadless areas or any other restrictions to recreational access.
