Re: The new Custer-Gallatin plan I urge you to 1) manage recommended Wilderness as such i.e. exclude mtn. biking +motorized uses; 2) recommended Wilderness designations for those four specialized locations in the Pryors 3) protect those six existing Wilderness locales edging the Absarokee-Beartooth W.A. 4) put into practice the Gallatin Forest Partnership Agreement 5) protect the existing recommended Wilderness in the Lionhead, and 6) preserve wilderness values in the Crazyes.

Over many years I've hiked, backpacked, or climbed in most of these places, each which is special in unique ways. Do the right thing!
