Comments:

Our goal should be to keep the Gallatin Range WILD. Right now, it's at risk of being sacrificed as a motorized and mechanized recreational playground for the exploding populations of Big Sky and Bozeman.

I support Alternative D of the Revised Draft Forest Plan but the entire 230,000 wild, roadless acres of the Gallatin Range should be included as wilderness in the final forest plan.

As wilderness, all motorized and mechanized uses are not allowed along with any activities not consistent with wilderness. No fish stocking in wilderness lakes!
