Comments:

I am in favor of Alternative D of the Revised Draft Forest Plan. I hope you can make it even better by adding into the plan the whole 230,000 wild, roadless acres. I hope you will keep it true wilderness and not allow motorized or mechanical usage. I hope you will do all you can to maintain "wildness", especially limiting horses, mules, and people. I hope you will end fish stocking, as you know when we intervene with Nature, there are side effects, such as excrement from people and the horses and mules--just let it be wild.
